

PrinterCartridge Recycling Ltd
Unit 3, Centec court,
Towcester Road,
Old Stratford, Bucks,
MK19 6AQ.
0333 323 7677
www.cartridgerecycling.co.uk

Please read carefully before sending us your items, important information below.

- We can only collect if you or your supporter has **10 or more cartridges, mobile phones and surplus items**. The scheme is completely free of charge and 100% of the value of all items will be donated to your school / charity. All items are recycled, refilled or reused so you will be contributing to reducing waste in landfill sites and helping the environment.
- We have made the process quick and easy for your supporters to use. Through your customised page anyone can send in their inkjet cartridges, mobile phones or surplus items and all the money raised will be put onto your account.
- The items are priced using our current pricelist on the month of collection and all prices are subject to change without notice. You can request a payment once your account reaches £15 or more. Please allow 30 days for us to process your items. All you have to do is go to: www.cartridgerecycling.co.uk and login on to your member's home page, click on 'View your previous statements' then press '**Request Payment**'. You can also view your account breakdowns for collections we have made in your members area.
- We accept all mobile phones in any condition and will pay 50p per KG for these items.
- Broken cartridges have no value so please ensure that your items are packed carefully prior to collection. These do NOT count towards your minimum requirements.
- We can provide boxes that can be placed in schools / charity shops / supporting businesses so that you can maximise your fund raising. This will allow people to support you by recycling their cartridges and mobile phones through this drop off point. We can supply pictures and dimensions if you require this for the boxes. We have boxes that do not require a lot of space and can be put in compact areas. Once, the box is full a free collection can be arranged, and all proceeds will be donated directly to you.
- Please contact us if you require any further information or any help to promote the scheme to charity supporters / school community. We have leaflet templates you can use, and we can write inserts for newsletters.
