Please read carefully before sending us your items, important information below:

- We can only collect if you have 40 or more small inkjet cartridges, mobile phones and surplus items. The scheme is completely FREE of charge and 100% of the value of all items will be donated to your business / school / charity / non - profit organisation. All items are recycled, refilled or reused so you will be contributing to reducing waste in landfill sites and helping the environment.
- The items are priced using our current price list on the month of collection and all prices are subject to change without notice. Please allow 30 days for us to process your items. All you have to do is go to: <https://www.emptycartridge.co.uk/login> to see your balance on your member's home page.

Please note: All balances of £15 or more on your account will be paid automatically within 48hrs. Payments are made via BACS or Paypal. Payment will be made once your items are booked in and the statement appears.

- We accept all mobile phones in any condition and will pay £2 per KG for these items.
- Broken cartridges have no value so please ensure that your items are packed carefully prior to collection. These do NOT count towards your minimum requirements.
- We can provide boxes that can be placed in schools / charity shops / supporting businesses so that you can maximise your fund raising. We can supply pictures and dimensions if you require this. We have boxes that do not require a lot of space and can be put in compact areas. Once, the box is full a FREE collection can be arranged, and all proceeds will be donated directly to you.
- Please contact us if you require any further information or any help to promote the scheme to charity supporters / school community. We have leaflet templates you can use, and we can write inserts for newsletters or provide text for your website / social media.
